

**Who are they?**

Smile Foundation

Where are they?

New Delhi, India

What do they do?

Providing education and health support to underprivileged children

How big are they?

54 member staff.

Annual budget of Rs. 5,000,000

What did they receive?

Groove 2007

The outcome?

The new tool allows easy and instant updates of emails and provides a simple and free way of communicating via email and voicemail.

As a social venture philanthropist, Smile Foundation promotes and catalyzes universal education among underprivileged children.

Before receiving the donation from BiG Tech, the organization struggled with a host of server and email problems, which impaired its ability to communicate among staff.

The organization ordered Groove 2007 from BiG Tech and created a VPN for their organization. This new tool allows easy and instant updates of emails, and provides a simple and free way of communicating via email and voicemail.

The Smile Foundation's spokesperson says, "NGOs don't have enough funds to spend on technology in general and software in particular. But this program is providing us software at the cost we can afford. We are spreading the word to raise awareness with our partner NGOs."
